

Learning for Life

Shared Beliefs and Understandings

Achieve high levels of student and adult learning, inspired by high expectations, collaboration, engagement and real world application.

Education Sector Strategic Plan (ESSP)

Ministry of Education

Broad Areas of Learning

- Engaged citizens
- Lifelong learners
- Sense of self and community

Reporting

Sharing and celebrating the learning story with feedback
Annual Report

BOARD OF EDUCATION LEARNING GOALS

Annual General Meeting

Supporting Adult and Student Learning

School-based staff, principals and vice-principals, Division Office staff, students and parents:

- learning conversations , conversation walls
- coaching (modeling, sharing, guiding, interdependence)

My Prairie Spirit Classroom

- We develop close relationships with students and community
- We learn side by side
- Our learning is rigorous, relevant and connected to big ideas
- Feedback is frequent and informs us
- Learning includes choice
- We share high expectations

School Planning for Improved Learning

A3 template

- Why is a change necessary?
- What do we want to achieve?
- What will we do to achieve?
- What evidence will tell us we have achieved?
- Who will be engaged in this work?

Summarizing, Reflecting, Planning

Learning results are reported by comparing them to the results expected, school division and provincial standards, and progress made toward eliminating the learning gap associated with gender, ethnicity and socio-economic status. Reports are shared with students, parents, administrators, school staff, School Community Councils, community, Division Office, Board of Education and the Ministry of Education.
